Content / Error-free operation / Links to other websites

These web pages contain a wealth of information about the SCT 2025. All content is carefully researched and regularly checked and updated. However, we make no warranty and accept no liability whatsoever that the information provided is accurate, correct, or up-to-date.

We accept no liability whatsoever for any impeded availability or transmission of the content and data on our web pages.

This website contains links to external websites. Although we take all reasonable care to check these sites, we have no direct control over their content. No link to an external website constitutes a recommendation or endorsement of the content or material on that website. Accordingly, we accept no responsibility or liability whatsoever for the content of external websites to which our web pages contain links. Likewise, we accept no responsibility for the content of external web pages that contain hyperlinks to our web pages.
